

Attention: All Providers

Taxonomy and NPI Required on Electronic and Paper Claims

Taxonomy codes will be required on claims upon NPI implementation. The taxonomy codes are mandatory on both electronic and paper claims. For electronic claims, follow the rules of the 837 Implementation Guides to populate the taxonomy for billing and attending provider numbers. For paper claims, the taxonomy must be populated for both billing and attending provider numbers. Claims missing taxonomy codes will deny.

NPI – Get it! Share It! Use It! Getting one is free – Not having one can be costly!
